...RS. HARRY THAW CALLED TO STAND

...hen the Trial Was Resumed Friday Morning.

...TTERS WERE READ TO JURY

...t-Wife Very Pale—Thaw Entered the Courtroom Looking Broken and ...Haggard—Crowd Seemed to Annoy Prisoner.

New York, Feb. 9.—Justice Fitz...ald took his place on the bench at ...35 o'clock and Thaw was called to ...r bar. The defendant, for the first ...e since the trial began, had lost ...e spring in his step, and instead of ...ding briskly to his place at the ...e of his counsel, he moved hes...tingly and looked constantly from

MRS. GEORGE LAUDER CARNEGIE.
(Sister of Harry K. Thaw.)

left to right about the court room. The big crowd seemed to annoy him. The pallid face broke into a faint smile as the prisoner recognized his brother, Edward Thaw, who was the only member of the family in court.

"Call Mrs. Evelyn Nesbit Thaw to the stand," requested Mr. Delmas.

When she appeared and took her place in the big witness chair, Mrs. Thaw was dressed precisely as on Thursday. She was extremely pale and her lips trembled visibly as she replied to the first simple question asked by counsel. This was after Mr. Delmas had stated that before any oral testimony was taken he would continue to read the postscript of the last letter offered in evidence.

New York, Feb. 9.—Evelyn Nesbit Thaw was recalled to the stand on Friday morning.

When Mrs. Thaw had taken the stand, Mr. Delmas continued the reading of one of the letters which was interrupted by adjournment on Thursday.

One of Thaw's letters to Evelyn said: "I will never hurt you. By the hope there is a heaven above, your pure soul shall go there. I give you my sacred word not to hurt you."

Thaw wrote to Evelyn: "You could have owned Pittsburg—not in money, but politically."

Mrs. Thaw told of going to Abe Hummel's office with Stanford White. The lawyer put in a paper "A lot of stuff about being carried off by Harry Thaw against my will and a lot of stuff that was not true. "I started to interrupt, but he would not let me. I signed absolutely nothing in Mr. Hummel's office," said Mrs. Thaw.

Mrs. Thaw said Harry accused her of having improper relations with White after her return from Europe. "I said it was a lie; I had not."

Mrs. Thaw testified that she signed a paper in the Madison Square Garden building which White said was of no significance, and the paper was afterward burned in Hummel's office. Mrs. Thaw also said White tried in ... to have her come to ... He cried and said I

WOMAN SWEARS TO FACES.

Hotelkeeper's Wife Testifies in Case of Major Penrose.

San Antonio, Tex., Feb. 9.—Three witnesses, one of them a woman, were on the stand in the courtmartial of Major Penrose, at Fort Sam Houston. J. P. McDonnell resumed the stand and graphically described the occurrences of the Brownsville raid as he saw them.

Mrs. Emma Leany, wife of the hotel keeper, probably gave the most interesting testimony of the trial. She saw flashes of the guns most distinctly from her window, and heard shot after shot. She saw many of the raiders, and testified that she could easily discern that their faces were black. In passing her window one of the sodiers was heard to say that, they would "clean out every white man in town before morning." Witness said that fifty shots, according to her count, was fired from the barracks back of the fort.

A. H. Sanborn, manager of the Western Union Telegraph company, also testified. He will be cross-examined later.

South Carolina Will Be Dry.

Columbia, S. C., Feb. 9.—In the state senate Thursday the prohibition bill was killed by a vote of 30 to 10. The anti-state dispensary bill was taken up, and a test showed 23 to 17 in its favor. The bill was not passed, but was held up for amendments. It has passed the house by two-thirds majority, and will pass the senate. This means that state dispensary will be abolished, and that there will be prohibition in the state. These counties which now have dispensaries will be permitted to vote whether they want them continued under county control.

Held the Wrong Man For Murder.

Macon, Ga., Feb. 9.—Will Killebrew, a negro, who sails under half a dozen other names and who was captured in McDuffie county several days ago as the party having slain an old negro named King Hamilton, on the Gantt farm here last Christmas, has been released by Sheriff Robertson after several negroes were brought in in an effort to identify Killebrew. No one could place the guilt upon the prisoner, and he was allowed to go. He was detained several days in the effort to fix the responsibility upon him.

Local Option Bill Passed.

Montgomery, Ala., Feb. 9.—The house spent Thursday passing the local option bill with the county as the unit. There was a hard fight for the beat, city or town as the unit, but it failed by the large vote of 70 to 26. The bill is feared by many, as it will give the country the right to vote the cities dry whether they will or not. The senate passed a bill to make all the judges of the law and equity and criminal courts payable by the state. In many cases the counties pay the judges because there is too much work for the circuit judges to do.

Dispensaries Are Abolished.

Dawson, Ga., Feb. 9.—Terrell county is henceforth dry. Thursday's election resulted in a majority of 150 against dispensaries. Many ladies assembled near the polls here early in the morning, remaining until the last ballot was cast. Their presence and influence contributed much to the result. Prayer services were conducted by the ladies at the Methodist church all day, the bell ringing every half hour. There is great rejoicing by the friends of prohibition.

Negro Killed at Columbus.

Columbus, Ga., Feb. 9.—Mose Jackson, a negro, is dead, the result of a blow dealt him with a scantling by Lige Bennett, young man. Bennett is employed at Golden's foundry, where Jackson was a laborerer. The two had a quarrel, and it it is claimed that the negro became abusive, whereupon Bennett struck him with a piece of scantling lying near. Bennett has not yet surrendered to the police. He is said to be in Alabama.

Private Pension Bills.

Washington, Feb. 9.—The house took up and disposed of a number of private pension bills, after which consideration of the naval appropriation bill was resumed.

$32,000,000 GIVEN BY ROCKEFELLER

Millions Donated to Promote Education.

MAKES A TOTAL OF $43,000,000

Members of the Educational Board Were Amazed When Son of Oil King Announced What His Father Had Given for Education.

New York, Feb. 9.—The fund of the general education, which was increased to $43,000,000 by the amazing gift of $32,000,000 by John D. Rockefeller, in a lump sum Thursday, is to be raised to $50,000,000 according to the expections of the members of the board. The additional donations are expected from other rich men, friends of the Rockefellers who are interested with him in his charitable enterprises. John D. Rockefeller's gift's to education have now reached the great total of $79,000,000, distributed as follows:

Chicago University $31,000,000, other colleges (estimated) $10,000,000. General education, $10,000,000, Rush Medical colleye, $6,000,000, general education board, $32,000,000.

For general education purposes throughout the country is given as the purpose of this donation—the largest single prize ever handed out for such purposes.

Mr. Rockefeller previously had given the board $11,000,000 for the same work, his contributions now amounting to $43,000,000.

The general education board apparently was not prepared for this gift which was announced simply in this letter:

"New York, Feb. 6, 1907.—General Educational Board, New York city. Gentlemen: My father authorizes me to say that on or before April 1, 1907, he will give to the general board incoming bearing securities, the present market value of which is about $22,000,000, one-third to be added to the permanent endowment of the board; two-thirds to be applied to such specific objects within the corporate interests of the board, as either he or I may from time to time direct, any remainder not so designated at the death of the survivor to be added also to the permanent endowment of the board. Very truly

"John D. Rockefeller, Jr."

Most of the members of the board were surprised at the announcement and amazed at the size of the gift. Dr. Buttrick, the secretary, said he did not know the gift was to be made until he received the letter. Other members did not know of the donation until the letter was read.

John D. Rockefeller, Jr., remained throughout the session of the board. Asked if he had anything to add to his letter, he replied he did not believe he could add anything of importance to it, as the letter explained itself.

Heavy Loss by Fire at Athens.

Athens, Ga., Feb. 9.—One of the largest fires in the history of Athens ocurred at 4 o'clock Friday morning. The works, stocks and machines of the Orson Lace Leather company, the McConnell Belt and Leather company and the American Tanning company were entirely destroyed. The buildings were situated in the northern part of the city, near the water works plant, and the buildings were all in flames before the fire department had reached them. The heaviest loss of the three concerns amounted to $75,000, with insurance of $45,000. It is not known how the fire originated. It is probable that the plants will be rebuilt and the concerns will resume business.

Probing Election Frauds.

New Orleans, Feb. 9.—The entire electorate of Jennings, La., has been summoned before a grand jury which is investigating Jenning's election frauds according to a special to the Picayune from Lake Charles, La., where the jury is sitting. Those interested in the disputed election last fall number 310 and they are arriving in Lake Charles in installments.

TRAIN MANGLES JESUP FLAGMAN

Never Rallied, but Died Two Hours After the Accident.

Jesup, Ga., Feb. 9—While switching some cars in the yard, Flagman J. W. Hadjette, of freight No. 74, of the Southern, but running over the Atlantic Coast Line, was caught under the cars by the switch engine backing down against the cars he was coupling. Hadjette was thrown across the rails and the cars passed over his body, crushing the left leg below the knee.

Fully conscious of his serious injuries, he was carried into Dr. Stow's office and the leg amputated above the knee. He never rallied from the shock, and died about two hours after the operation.

This was his second run as flagman. He had passed an examination for conductor and expected his promotion at the end of his run. He leaves a wife and one child. The remains were turned over to Undertaker Dye and were prepared for shipment to Jacksonville, his home.

Rebels Were Victorious.

New York, Feb. 9.—A Buenos Ayres dispach published here, reports that a revolutionary outbreak occurred in San Juan, Argentine republic, in which the revolutionists were victorious, after five hours' fighting. Twenty men were reported killed and 50 wounded, while numerous houses were burned and others sacked. The governor and other provincial officers are said to be prisoners. Colonel Sarento was in command of the rebels, who it is stated, propose to march on Mendoza. Federal troops will be dispatched to quell the outbreak which is ascribed to local causes.

Serious Wreck Injures Many.

Pelham, Ga., Feb. 9.—Thursday afternoon as the Flint River and Northeastern passenger train was leaving here the train came uncoupled, and while the freight cars were standing the passenger car run into the rear end, causing one of the worst wrecks in some time experienced by this road. Several are hurt but none seriously except Roadmaster A. S. Speight, fears for his recovery being entertained. The track is now clear, and traffic will not be delayed. The car used by the Flint River and Northeastern is badly demolished.

Tickers Must Go.

St. Louis, Feb. 9.—Every ticker in St. Louis delivering race returns in a saloon, irrespective of location "must go or saloon will go." is the order of Excise Commissioner Mulvihill, who declares his purpose to end this alleged aid to handbooks' making. Commissioner Mulvihill's decision was reached upon receipt of complaints from Captain Reynols, of the Central Police district, that hand books on the races were being operated in down town saloons as an accompaniment of race news received on tickers.

Will Buy Large Dry Dock.

San Francisco, Feb. 9.—The largest dry dock in the world, with a concrete basin large enough to hold any two of the battleships of the United States navy at one time, is about to be constructed at Huters Point by the San Francisco dry dock company, at a cost of $1,250,000. The land has already been surveyed and the dock company already has in construction the work, and it will be rushed to a speedy completion.

Lease of Grazing Lands.

Washington, Feb. 9.—The senate committee on agriculture is preparing to consider looking to the lease of public lands for grazing purposes. A large delegation of cattle men is already here to support the measure. The effort will be to have a provision ... point incorporated ... agricultural bill as an amendment to the text as has been already reported by Senator Burke.

Two Killed in a Collision.

Chicago, Feb. 9.—Two men are said to have been killed and a dozen or more injured, some fatally, when train No. 5 of the Chicago, Milwaukee and St. Paul railroad collided within the city limits with a switch engine drawing a train of empty passenger coaches. Train No. 5, is known as the Champion Flyer, and runs between St. Paul and Chicago.

COTTON TAXES FOR VETERANS

Speight Introduces Bill for Return of Money.

ABOUT $80,000,000 IS INVOLVED

Speight's Bill Proposes that the Money Shall Be Used for Paying Pensions to Confederate Soldiers and Their Widows.

Washington, D. C. Feb. 9.—Another bill, which seeks to secure for the people of the south the cotton tax money collected immediately after the war under a law which was later declared unconstitutional, has been introduced by Representative Speight.

It differs slightly from the bill of Representative Heflin and others which have formerly been introduced and seeks to have the cotton tax money now lying idle in the government treasury appropriated among the cotton growing states in proportion to the amount of cotton raised by them as shown by the census.

It is further provided that the money just returned to the states shall be used solely for the purpose of paying pensions to confederate soldiers and their widows. Though the supreme court has held that the cotton tax money does not belong to the government, all efforts so far made to have it returned have proven futile.

The amount, with interest, is now about $80,000,000.

Charged with Stealing Locomotive

Lima, O., Feb. 9.—Charged with stealing a Lake Erie and Western locomotive piece by piece, five Lima boys, all under the age of 16—Hoddy Shaffer, Delbert Tabler, Raymond Pearson, Harry Watt and Floyd Knistle—are confined in the county jail pending trial in the probate court. The locomotive had been run onto a side track in the yards, awating repairs at the shops before it could be sent out on the road again. The boys are said to have made raids on it at night. The railroads have been heavy losers from brass thieves, and will make strenuous efforts to break up the gang.

Walked 40 Miles to Wed.

Whiteburg, Ky., Feb. 9.—Ransom Sexton, aged 17 years, and Cora Flanary, baredly 13 years of age, fled 40 miles on foot across the Cumberland and Black Mountains through a storm of sleet to Whitesburg, where they were married by Elder John A. Craft. Sexton's love for the girl began in school, near Tacoma, Va. Their amours became so pronounced that the teacher dismissed them, it is said. Then their parents sought to take a hand, but the young lovers eluded them and started on their long journey to be wedded. They are now seeking parental forgiveness.

Will Discuss Panama Canal.

Washington, Feb. 9.—Secretary Taft will appear before the house committee on interstate and foreign commerce on Monday to discuss the Panama canal. It is likely that Chairman Shonts, of the Isthmian Canal commission, and several other officials engaged in directing the canal work, wil be asked to appear before the committee and inform it on canal affairs. The committee is especially interested in the proposed consolidation of the Panama railway with the canal, and will make a thorough investigation of the railway's organization.

Gotch Throws Burns.

Birmingham, Ala., Feb. 9.—Frank Gotch, champion wrestler, defeated "Farmer" Burns in taking the first and third falls. Gotch won the first fall in 31 minutes. Burns took the second in six minutes, and the champion the third in 21 minutes.

Died With Her Babe.

Youngstown, O., Feb. 9.—Mary Spawn, aged 25 years, and her infant, aged 4 months, were found dead in their home on East Front street. They had been asphixiated by escaping natural gas.

THIRD ANNUAL SESSION OF THE WINTER BIBLE CONFERENCE

Will Open at the Tabernacle With Impressive Exercises Today.

DR. D. V. GWILYM WILL SPEAK

Eminent New York Episcopal Divine Will Again Address the People of Gainesville on Salvation—List of Services for the Day.

The third annual session of the National Bible Conference, which has made Gainesville conspicuous in the public eye from one end of the United States to the other, will open this afternoon. The afternoon service will no doubt be largely attended, as it will afford a most enjoyable service of song and sermon, the principal lecture being delivered by Dr. David V. Gwilym of New York, one of the most eminent Episcopal divines this country has ever produced. Dr Gwilym was here two years ago, and by his masterful sermons completely captivated his congregations. He is a man of sterling worth, fine character and eloquent expression, and his numerous admirers of the Bible Conference will welcome him warmly. He came all the way from his home in New York to accommodate Dr. Clarence B. Strouse,

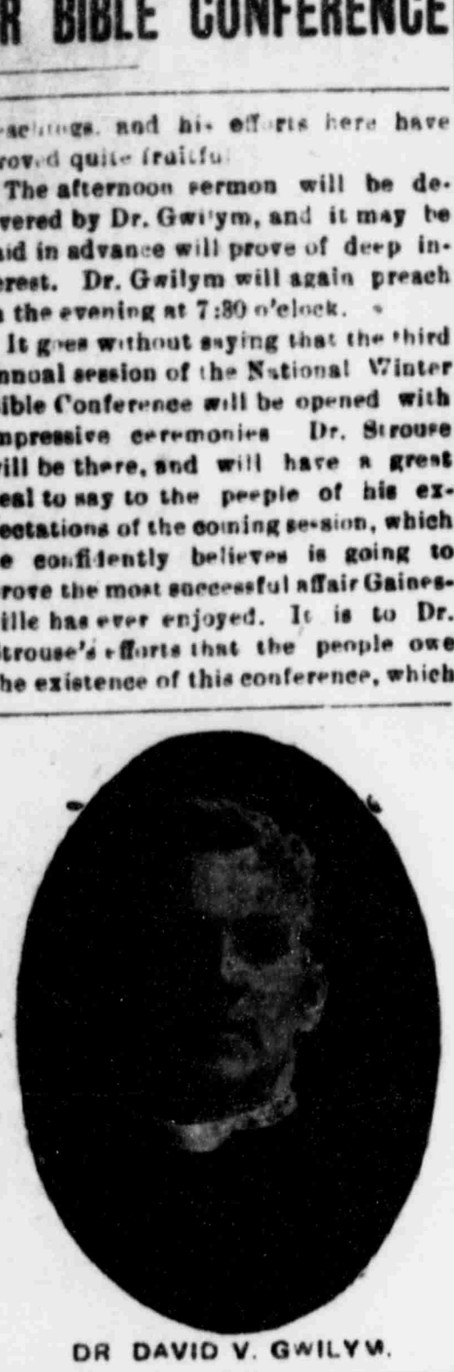
DR. CLARENCE B. STROUSE
President National Winter Bible Conference.

who realized and appreciated his ability, and it will be pleasing information to learn that he has arranged to remain during the entire Bible Conference session of two weeks.

There will be no service this morning at the Tabernacle. The first service will be held this afternoon at 2:30, beginning with a song service. The opening remarks will be made by Dr. Clarence B. Strouse, who will be followed by Prof. J. R. C. Brown of Virginia, who is well and favorably known here, having been in attendance as a Bible teacher at every session of the Conference. Prof. Brown is a man of wide experience in Bible teachings, and his efforts here have proved quite fruitful.

The afternoon sermon will be delivered by Dr. Gwilym, and it may be said in advance will prove of deep interest. Dr. Gwilym will again preach in the evening at 7:30 o'clock.

It goes without saying that the third annual session of the National Winter Bible Conference will be opened with impressive ceremonies. Dr. Strouse will be there, and will have a great deal to say to the people of his expectations of the coming session, which he confidently believes is going to prove the most successful affair Gainesville has ever enjoyed. It is to Dr. Strouse's efforts that the people owe the existence of this conference, which



DR DAVID V. GWILYM.

has accomplished more for the advertising of Gainesville than anything else so far introduced. Dr. Strouse has the confidence and the thanks of the people, and he deserves it.

The Sun, in its issue two or three days ago, gave a list of those who are expected to be present and assist in this Conference, hence it is needless to repeat them. Suffice it to say, Dr. Strouse has secured a number of the leading pulpit orators of the country, and our people may expect something good and interesting and instructive during the coming session.

The service at the Tabernacle will begin at 7:30 o'clock tonight, and the sermon will be delivered by Dr. Gwilym.

There will be a Bible lecture tomorrow morning at 10:30 o'clock, and services at 2:30 and 7:30 p. m. Speakers will be announced from the rostrum today.

AT THE CHURCHES TODAY.

List of Various Places of Worship Where Those Desiring May Attend.

Advent Christian Church, Elder James Lee—Sunday school at 10 a. m. Preaching at 10:45 a. m and 7:15 p. m.

Services will be conducted at Holy Trinity Episcopal and St. Patrick's Catholic churches at the usual hours.

Men Past Sixty in Danger.

More than half mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." The John H. Sparks Shows.

People who have vainly endeavored to extract satisfaction from the big three-ring shows, will be surprised and delighted at the amount of keen enjoyment to be had in witnessing the one-ring performance given by the splendid array of talent when the Sparks Shows come to Gainesville on Thursday, February 14. Everything will be plainly visible to all, one first-class act following another, and presented with a careful attention to detail that is impossible with the big shows. The costumes are elegant and costly, the music especially is fine, and nothing is omitted that could add to the pleasure and enjoyment of the patrons.

Once more the audience is brought in touch with the real "old clown," and his songs and funny sayings can be heard and appreciated. This is Sparks' "logic of facts."

An ounce of gold is worth tons of dross. One first-class act is worth more than a dozen poor ones One ring is enough, two is too many, and three is an abomination. See Sparks' and be convinced.

Audience Delighted

The Labadie Faust Company entertained a large audience at the Grand last night, and delighted them with a strong presentation of that celebrated play. Mr Labadie's conception of the part of Mephisto was an interesting innovation on the usual interpretation of the part. Much of the monotony of the scene was relieved by the introduction of some clever comedy work with Dame Martha.

Able support was given Mr. Labadie by Mary Von Tromp Labadie as Marguerite. Her voice is very good and her manner artistic. The scenery was exceptionally fine, the broken scene being excellent.—Peoria (Ill.) Times.

The above company will appear at the opera house in this city on Thursday night, February 14

EMPLOYES GIVEN MORE PAY.

Charleston and Western Carolina Increases Salaries.

Augusta, Ga., Feb. 9.—The Charleston and Western Carolina railroad has granted to 175 employees an increase in salary of $5 per month each.

This means that 85 men employed in the general offices here in a clerical capacity will receive $500 in aggregate per month more than formerly, or $4,800 annually.

The increase also affects all agents of the company between Augusta and Charleston, and all section and terminal foremen.

The situation with regard to the strike of carworkers of the Charleston and Western Carolina and Georgia railroads remains unchanged.

Another conference was held between Superintendent Lynch, of the first named line, and his striking men Friday morning, but absolutely nothing was accomplished in the way of a settlement.

Nothing was done looking toward a settlement at the Georgia shops. Both roads are importing strikebreakers, and the car shops are in partial operation, while other departments are running on full time.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed, and neighbors predicted that I would never leave it alone; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one-dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Unespher of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed at all druggists'. 50c and $1.00. Trial bottle free.

Wire Fence Was Death Trap.

Wapakoneta, O., Feb. 9.—James Abbott, of St. Marys, formerly of this city, a married man with children, was found dead south of town with his feet entangled in the upper strands of a wire fence and his head on the ground, in which position he had evidently died. He had been drinking, and while trying to climb the fence on his way home, was entangled in what proved to be his death trap.

Lame Back.

This ailment is usually caused by rheumatism of the muscles and may be cured by applying Chamberlain's Pain Balm two or three times a day and rubbing the parts vigorously at each application. If this does not afford relief, bind on a piece of flannel slightly dampened with Pain Balm, and quick relief is almost sure to follow. For sale by all druggists.

School Girl Hangs Self.

Ashtabula, O., Feb. 9.—In Beulah, this county, Miss Tillie Woodsworth, aged 18, was excused from school and failed to return. The teacher, Walted Holson, went to look for her and found her in a shed hanging by a rope around her neck. She was resuscitated. It is supposed she was temporarily insane.

Hunting for Trouble.

"I've lived in California 20 years, and am still hunting for trouble in the way of burns, sores, wounds, boils, cuts, sprains, or a case of piles that Bucklen's Arnica Salve won't quickly cure," writes Charles Walters of Alleghany, Sierra Co. No use hunting, Mr. Walters; it cures every case. Guaranteed at all drug stores. 25c.

Planning Visit to King Alfonso.

Berlin, Feb. 9.—Kaiser Wilhelm, it is stated, is planning a visit to King Alfonso, of Spain, to return the recent visit to Germany, of the Spanish King. The kaiser will go about the end of March, sailing on the Imperial yacht Hohenzollern for some Spanish port.

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

Government Expelling Aliens.

London, Feb. 9.—The Standard's Berlin correspondent says the German government is expelling aliens who aided socialists candidates in the recent elections. The chief offenders were Russian students with revolutionary proclamations, who made speeches in behalf of the socialists.

MOTHERHOOD

MRS. JAMES CHESTER

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

Lydia E. Pinkham's Vegetable Compound

has been the standby of American mothers in preparing for childbirth.

Note what Mrs James Chester, of 427 W. 35th St., New York says in this letter:—Dear Mrs. Pinkham:—"I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now."

Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women.

It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass Her advice is free.

A SERIOUS ACCIDENT.

Wm. Littledale Severely Hurt While Trying to Alight From Train.

William Littledale, a traveling representative of the Smith candy factory of Jacksonville, has a story to relate which might bring him damag' when he has finished with his case.

Mr. Littledale states that he purchased a ticket to Hawthorn from a station south a few nights ago, on a night train. The train was supposed to slow down and let him off, but did not do so, and when he saw that the train would not slow he jumped, which has caused him considerable pain and inconvenience since that time.

Mr. Littledale feels that he has been subjected to delay by injury on account of the failure of the train to stop, and is considering the entering of suit against the company.

Common Colds Are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Everyone knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung troubles are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other hurtful drug and has thirty years of reputation back of it, gained by its cures under every condition. For sale by all druggists.

SERMONETTES

BY J. MARVIN NICHOLS

Of all the graces charity is the rarest. And it is to be exercised not only among the world's poor, but among that vast body that happens to differ with you in matters of opinion. Sometimes I think this is the place where it is the most rarely seen.

Progress is life's unchanging program. Like the polar star that guides the captain on the highways of the seas, progress is guided by some consuming purpose. To have no purpose is to reverse the order. It is but to begin a defeat that has no messenger.

Someone has lately said that we must learn to express our opinions humbly, and with due respect for others; above all, be charitable. A voice that habitually "sharps" and "flats" will ruin a choir; so an intolerant spirit will ruin the circle in which he moves.

A flower will not grow apart from light. The sun's warm rays paint the beauty of the flower. They transmute themselves into the rich juices of the fruit. There is an alchemy in light whose secret no chemist knows. Nor can a human heart grow apart from can environment that is warm and nourishing. The drooping heart is an infallible sign of a soil that is frigid and a shadow that's deep.

A Habit to Be Encouraged.

The mother who has acquired the habit of keeping on hand a bottle of Chamberlain's Cough Remedy, saves herself a great amount of uneasiness and anxiety. Coughs, cold and croup, to which children are susceptible, are quickly cured by its use. It counteracts any tendency of a cold to result in pneumonia, and if given as soon as the first symptoms of croup appear, it will prevent the attack. This remedy contains nothing injurious and mothers give it to little ones with a feeling of perfect security. Sold by all druggists.

Thirty-Five Machinists Strike.

Selma, Ala., Feb. 9.—All machinists in the Southern shops at Selma, walked out Thursday evening. The trouble seems to be that a man named McGowan was sent here from Birmingham to be night foreman of the round house, who was not a union man, and the information is that the machinists were instructed to go out at 4 o'clock if McGowan was put to work, and instructions were obeyed to the letter, 35 men leaving the shops.

Mummy of Egyptian Queen.

London, Feb. 9.—The Times, in its article telling of the discovery by Theodore Davis at Thebes, Egypt, of the tomb and mummy of the famous Egyptian Queen Tele, says the tomb is a plain square sepulchre, cut out of the rock. It adjoins the tomb of Ramesis IX. The tomb was in the same condition as when it was left by the priest amid the throes of a religious revolution which had spent its force before Moses was born, and bears witness to the blind rage of the victorious priesthood of Themes, and their hatred toward the heretic king, whose mother and inspirer was Tele. The queen's jewelry and the sheets of solid gold, with which the sepulchre was literally filled, were left untouched.

Denounce Cotton Exchange.

Jackson, Miss., Feb. 9.—The Mississippi branch of the farmers' union at their session Thursday afternoon passed a resolution denouncing the New York Cotton Exchange as unfair and unjust to the people of the south and endorsing the proposed investigation into their methods of business. The warehouse proposed by President Barrett of the national organization was endorsed.

The lobby supported by the seedmen to defeat the annual appropriation for free seeds was unsuccessful and the farmers will again have the only graft out of the government they have ever had a share in. Send in your order to your Representative or Senator and demand of the Agricultural Department that it furnish good seeds.

The insistence on knowing what is in the sausage or canned mince pie has not yet subsided. A lot of people who have had spasms over the packing house revelations might not feel so touchy about the subject if the limeling could shed a few rays onto their own kitchens. But then one's own slack ways are not near so censurable as those the other fellow is guilty of.

It is a strange fact that there are always some smart Alecks who, no matter where they are or where they go, always try to make it unpleasant for others. If they are on the road you must poke along and take their dust or run horses with them. If you are on the street you must listen to their filthy remarks; if at church or in a place of amusement, then you must put up with the annoyance of their brilliant thoughts delivered in a stage whisper. In society their wit and puns must be endured. We imagine that our readers have met all this genio and with us will say they are about as great nuisances as the Creator ever clothed in flesh and endowed with the spark called life.

Parties arriving in the city from various sections of the county, more particularly the northeast, report that the roads in many places have been obstructed by fallen logs. This has been caused, it is said, by the forest fires which for several weeks, during the continued drouth, raged through the forests, meadows and fields, carrying destruction wherever the flames passed. The timber in close proximity to the roads was burned and fell across the thoroughfare, causing the block, and making progress by private conveyance, especially in the dark, very tedious, annoying and dangerous. If this condition exists generally, as has been reported, steps should be taken to clear the public roadways.

If some day the newspaper man should print the contents of his waste basket there would probably be a riot. There would certainly be trouble in many homes, arrests in some direction, shot-guns in others, trouble all around. But the patron never sees the waste basket. He only glances at the beautifully printed pages, complains if one letter in fifty is upside-down, growls his disappointment if one name in five hundred has happened to be wrong, kicks because his communication, signed "Tax-Payer," has been condensed into respectable English, frowns because the editor didn't take his advice about publicly warning his neighbor against throwing more melon in the alley, and is generally disgruntled, not so much at what he fails to find. He knows his share of the waste basket, but if he could have one look at the contributions made to that receptacle by his neighbors and friends, he would thank God for the existence of a man with sufficient intelligence and courage not to print all he knows, and to temper even that which he does print.

DENATURED ALCOHOL.

The name "alcohol" is composed of two Arabic words, "ol kohl," meaning "the devil," which goes to show that the Arabs knew a thing or two.

"Denatured alcohol," as the further name somewhat vaguely indicates, means alcohol which has been put through a process by which it is rendered poisonous and hence unfit for use as a basis for intoxicants or for use in patent medicines.

The removal of the internal tax on the making of it reduces the price of such denatured alcohol from $2.50 to 25 cents a gallon, and is done with a view to furnishing cheaper light, fuel and transportation.

The advocates of the measure have predicted many marvelous things for the future under the new regime. It is contended that its use as a substitute for gasoline will reduce the cost of running automobiles to a very large extent; that it will supplant kerosene for lighting purposes; that it will be used for heating our houses; that it will revolutionize the making of smokeless powder, etc.

This is but a casual list of the many things which it is expected will be accomplished by the general use of denatured alcohol. A reduction of from $2.50 to 25 cents a gallon is quite a slump and it is easy to be seen that it will readily come into very general use for the purposes to which it is adapted.

COURTSHIP IN CHURCH.

A young gentleman happening to sit in church in a pew adjoining one in which sat a young lady for whom he conceived a sudden and violent passion, was desirous of entering into a courtship on the spot; but the place not suiting a formal declaration, the exigency of the case suggested the following plan: He politely handed his fair neighbor a Bible (open) with a pin stuck in the following text: Second Epistle of John, verse fifth—"And now I beseech thee, lady, not as though I wrote a new commandment unto thee, but that which we had from the beginning, that we love one another." She returned it, pointing to the second chapter of Ruth, verse tenth—"Then she fell on her face and bowed herself to the ground, and said unto him, 'Why have I found grace in thine eyes, that thou shouldst take knowledge of me, seeing that I am a stranger?'" He returned the book, pointing to the thirteenth verse of the Third Epistle of John—"Having many things to write unon to you, I would not write with paper and ink, but I trust to come unto you, and speak face to face, that our joy may be full." From the above interview a marriage took place the ensuing week.

TARIFF REFORM DEMANDED.

Gov. Guild of Massachusetts has prepared an address to the President and Congress, urging immediate revision of the tariff. And yet the stand-patters would have us believe there is no tariff revision sentiment of any consequence in Massachusetts outside of the Democratic party. As this Republican governor has invited the Legislature and citizens of all parties to sign such an address, he would hardly have done so unless he was certain that his invitation would be generally accepted and would meet the views of a majority of the people. It may be politically necessary for Gov. Guild to show his belief that tariff reform is a necessity for Massachusetts, for there is not much doubt that as an issue it will be paramount at the election of governor next fall.

A young lady of this city went into a dry goods store the other day and blushingly asked the head clerk if he "had any of those elastic bands, capable of being elongnated and adjusted at pleasure, and used by the feminine portion of mankind for putting around the lower extremities of their locomotive members to keep in the proper position and the required altitude habiliments of their tibias." The clerk is now on a sheep ranch.

Temptation is wherever man is. If you doubt that you have only to remember the quaint old soul who took a pitcher of water and some bread and some wood and locked himself up in a solitary cell, saying: "Now I shall live in peace." But pretty soon he happened to kick over his pitcher of water, and used some very angry words. Then he said, "I see it is possible to lose one's temper when alone."

Lottery Company Quits Business.

Chicago, Feb. 9.—Advices to the Tribune from Washington says: Apparently the government has won an extraordinary victory as a result of the prosecution it has instituted against the managers and agents of the Honduras lottery. Suits have been brought in various places all throughout the country, one indictment has been piled upon another, and things have been made so hot for the lottery people that they have thrown up the sponge and have gone out of business. At least they assert that this is so, but to make assurance doubly the sure thing, the government proposes to press some of the indictments to a speedy trial in the hope of breaking up the entire machinery of one of the most dangerous concerns ever known in this country.

Even From the Mountains

Ballard's Snow Liniment is praised for the good it does. A sure cure for rheumatism and all pains. Wright W. Loving, Grand Junction, Colo., writes: "I used Ballard's Snow Liniment last winter for rheumatism, and can recommend it as the best liniment on the market. I thought at the time I was taken down with this trouble that it would be a week before I could get about, but on applying your liniment several times during the night, I was about in 48 hours and well in three days." Sold by W. M. Johnson.

Takes His Loss Philosophically.

Elkhart, Ind., Feb. 9.—When Jas. Helfrick came home from work he found his wife gone and a note lying on the table from her, in which she said she had concluded to live with the sweetheart of her youth. Fred Nichols, who arrived in Elkhart from his home in Adrian several days ago. Helfrick invited Nichols to his home, and there the latter renewed the suit to his former sweethheart. Mr. and Mrs. Helfrick were married only a year ago. She was Miss Lulu Martin. She was Helfrick's second wife, the first Mrs. Helfrick having also eloped with another man. Helfrick says he will make no effort to bring her back and is taking his loss philosophically.

HIGH SCHOOL NOTES.

Honor Banner For January Again Won by Eighth Grade—Other Notes.

(By Our Special School Reporter.)

The honor banner for January was won by the Eighth grade. This is the second time this year this grade has carried the banner. Joe Swanson, ranking first in the grade for January, carries the banner. He was roundly cheered by the boys Wednesday, when he was called to the steps at chapel exercises and the banner handed over to him.

Quite a number of pupils from the lower grades have been absent this week on account of colds.

There has been a noticeable improvement of some of the grades. It may be possible that the banner next month will go to a High School grade.

The principal announced at chapel Friday that a High School glee club would be organized this week. There is ample material in the High School for a good club.

A joint meeting of the two literary societies was held Friday afternoon, and an interesting program was rendered. The question for debate was, "Resolved, that electricity has been a greater benefit to mankind than has steam," the Euclean Society taking the affirmative, the Demosthenean the negative. The decision of the judges was two to one in favor of the affirmative. The Eighth grade by special invitation attended the exercises. Mrs. Coffey, the Eighth grade teacher, by special request presided over the joint meeting. It was the unanimous opinion of the two societies that she makes a graceful, pleasing and business-like presiding officer.

We think the principal ought to tell us who called to claim that pocketbook Friday. He says it was a Sophomore, but we want to know which one.

There were several visitors at the joint meeting of the two societies Friday, whose presence was greatly appreciated. We are always glad to see our parents and friends—but if we were glad only when they come to visit us we would not be glad often.

Our parents must have a lot of faith in our teachers. They turn us over to them and never come about us to see how we are being treated. It happens that their confidence is not misplaced, for we have kind, faithful and capable teachers, but for all our parents know, they might be just the opposite.

Honor Roll For January.

Through the courtesy of the principal, we have the pleasure this week of presenting the honor roll for attendance and deportment for January, which was as follows:

First Grade—First honor, Harry Merchant, Henry O'Neal; second honor, Pearl Sykes, Ryan Prevatt, Vilma Shands, John Blake, Louise Ellis; third honor, Annie Dorsey, Ray Avera

Second Grade—First honor, Norah Stalls; second honor, Marion Dell; third honor, Lucile Kinnebrew, Asenath Phifer.

Third Grade—First honor, Sophia Burkhim; second honor, Edgar Jones; third honor, Bernice Prevatt.

Fourth Grade—First honor, Mary McKinstry, Elena Mixson; second honor, Mary Graham; third honor, Margie McDowall.

Fifth Grade—First honor, Sarah Dawkins; second honor, Pratt Johnson; third honor, Pierre Vidal.

Sixth Grade—First honor, Louise Smith; second honor, Yeteva Rogers; third honor, Julia Patton.

Seventh Grade—First honor, Carrie Barco, Agnes Spencer; second honor, Nellie Albright; third honor, Ruby Albright.

Eighth Grade—First honor, Joe Swanson; second honor, Fannie Burkhim; third honor, Mamie McGrew.

Freshman Class—First honor, Annie Treadwell; second honor, Ralph McRae; third honor, Cuthbert Padgett.

Sophomore Class—First honor, Julia Bunch; second honor, Ruth Doig; third honor, Ida McDonald.

Junior—First honor Eloise Vidal; second honor, Gladys George; third honor, Bessie Kelley.

Letter to Dr. J. H. Hodges, Gainesville, Fla.

Dear Sir: You may like to know what you pay for the paint in a gallon of "paint," assuming the pure-paint part of all "paints" to be all alike; which it isn't; and worth $1.75 a gallon.

Of a paint adulterated 10 per cent, the pure-paint part brings $1.94 a gallon.

15 per cent brings	$2.06	a gallon.	
25	"	2.33	"
33⅓	"	2.62	"
50	"	3.50	"
75	"	7.00	"

The average adulteration of paint in this country is about one-third; so, you see, the average price the American people are paying for paint is about $2.62 a gallon.

It is a game of wits. Adulterators are always too sharp for the bulk of consumers. People won't pay $1.75 a gallon for paint. So they pay $2.62 a gallon for paint and something that looks like paint mixed with it. (They pay the painter, besides, from $2 to $4 for painting those useless gallons).

Why do they do it? The don't know Devoe. Yours truly,

F. W. DEVOE & Co.

Falls from Stack.

Gadsden, Ala., Feb. 9.—Morris Price, an employee of the Southern Steel company, fell from the top of the stack of the blast furnace and received painful injuries. Price was at work on top of the stack and missed his footing and fell to the ground, a distance of 50 feet, and landed headforemost in a mud puddle, which broke the fall, or otherwise he would have been fatally hurt.

A Stitch in Time

Will save nine. So will a bottle of Ballard's Horehound Syrup always kept on hand save many a spell of sickness. A sure cure for coughs, colds, bronchitis and whooping coughs. Mrs. S——, Hot Springs, Ark., writes: "I keep a bottle of Ballard's Horehound Syrup in my medicine chest, and thank my for ethought many times. It has prevented many severe spells of sickness." Sold by W. M. Johnson.

In the Mayor's Court.

There was a light session of the mayor's court Saturday, only two offenders having been arraigned, and one of those was acquitted, because it was shown that the other was the aggressor.

West Davis and Mingo Robinson, two "stately" colored lads, had some misunderstanding, when it is said Davis proceeded to make a kind of jello proposition out of Robinson's head, using a hickory stud for the purpose. He beat him, it was stated in court, into a state of insensibility almost, when he was taken off by friends.

This evidence was introduced in the mayor's court, after which Davis was fined $10 and costs, while Robinson was acquitted.

Rising From the Grave.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at all druggists'. Price only 50c.

Florida Divisions of Mutual Life Fraternal Association of Georgia to Be Merged.

To the Policy-Holders in the Mutual Life Fraternal Association of Georgia, for the divisions of the counties of Alachua, Taylor, Madison, Suwannee and Marion:

With a view of serving your best interests, and in order to facilitate the payments of death claims as they accrue, it has been decided by the Company to merge the divisions of Taylor, Madison, Suwannee and Marion counties, with the Alachua Division, under the name of Alachua Division, with headquarters at Gainesville, in Alachua county, Florida. This change will take place as soon as the present outstanding death claims in each of these divisions are collected and paid. This change will give to the new division 1,000 members, and all members of each division are urged to pay the assessments now due as quickly as possible. New policies will be issued in the new division to the policy-holders in good standing in the other divisions.

A good, reliable man wanted as agent to solicit and keep up the membership. Communicate with John A. Darwin, General Manager, Athens, Ga., or T. B. Ellis, Secretary and Treasurer, Alachua Division, Gainesville, Fla.

Gas in the Stomach.

Belching and that sense of fullness so often experienced after eating is caused by the formation of gas. The stomach fails to perform its functions and the food ferments. Chamberlain's Stomach and Liver Tablets will correct the disorder. They aid digestion and strengthen and invigorate the stomach and bowels. For sale by all druggists.

BLOOD POISON

CURE YOURSELF AT HOME

Most persons who are afflicted with Contagious Blood Poison hesitate to go to a physician for several reasons. In the first place the expense is heavy, and they know that the inevitable treatment will be mercury and potash, strong minerals that act with disastrous effects on the delicate parts of the system, and which do not, after all, really cure the disease. What they want is a safe, reliable treatment that can be taken at home and a perfect cure made of this loathsome disorder without unnecessary exposure or expense. Such a remedy is S. S. S.—it is the only medicine that goes down to the very bottom of the trouble and drives out the last trace of the poison so that there are never any signs of its return. It does not contain a particle of mineral in any form, and after removing the disease from the circulation builds up every part of the system by its fine vegetable tonic properties.

S. S. S. attacks the trouble at its head and not only permanently cures the disease for the one afflicted, but so purifies the blood that future offspring is insured against infection. S. S. S. may be taken in the privacy of your home and a perfect cure made of this hateful and loathsome trouble. For the assistance of those who are curing themselves with S. S. S. we have prepared a special book on Contagious Blood Poison which contains instructions of great value to all blood poison sufferers. We will be glad to send a copy of this book free, and if additional instructions or advice is wanted, our physicians will furnish it without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

WATERWAY BILL PASSED.

Survey of Savannah River Below the City of Augusta Authorized.

Washington, D. C., Feb. 9.—The house has completed and passed the rivers and harbors apropriation bill, carrying more than $83,000,000 with sundry amendments, all of which were suggested by the chairman of the committee, Mr. Burton, of Ohio. Among the important amendments adopted are:

To construct dam No. 3 and complete dam No. 2 in Allegheny river, $235,000, being an increase of $35,000. For continuing the improvement and for the maintainance of the Chicago river, $200,000, being an increase of $180,000. A survey of the Savannah river for thirty miles below Augusta was authorized. A bill amending the denatured alcohol bill was passed. The naval appropriation bill was taken up, and made the continuing order.

The house then adjourned.

ENJOY EATING.

Good Digestion Can Be Readily Gained With Mi-o-na Stomach Tablets.

It is torment to look upon a tempting dinner and realize that to eat freely means distress and suffering.

Let us tell you how you can enjoy eating, so that the heartiest meals will set well and cause no pain, distress or uncomfortable feeling of fullness.

If you cannot eat and enjoy three good, hearty, satisfying meals a day without any feeling of discomfort, your stomach is weak and needs the strength which Mi-o-na stomach tablets will give it. You cannot afford to delay treatment, for the longer you allow the digestive organs to be weak, the harder it will be to get help.

The remarkable curative and strengthening power of Mi-o-na is attested by the guarantee which J. W. McCollum & Co. give with every 50c box: "We return the money if Mi-o-na fails to cure."

If you find that eating well-cooked and properly-chewed food is followed by heaviness and load on the stomach, by bloating, by gulping of acids and wind, by distress, nervousness, headache, trouble to sleep, or by any other symptoms of disordered or weak stomach, you should begin the use of Mi-o-na at once. It is guaranteed by one of the best known druggists in Gainesville to cure all disorders of the stomach, or cost nothing. A guarantee like this means a good deal.

Augusta Offers $200,000.

Augusta, Ga., Feb. 9.—At a meeting of the chamber of commerce $125,000 was subscribed toward securing the South Atlantic car works for Augusta. $75,000 more will be subscribed later. The bid was made public contrary to the expectations of many in the city.

Itching Piles.

If you are acquainted with anyone who is troubled with this distressing ailment you can do him no greater favor than to tell him to try Chamberlain's Salve. It gives instant relief. Price 25 cents per box. Sold by all druggists.

MRS. R. WILSON

Card of Thanks.

The lady managers of the Catholic festival held last Tuesday and Wednesday evenings desire to sincerely thank all those who were liberal in their donations to the good cause. Also all those who by their presence and patronage, or who in any way participated and helped to make the event a success.

A vote of thanks was tendered the worthy editor and entire force of The Gainesville Sun for favors received.

The neat sum of two hundred and fifteen dollars and twenty-one cents was realized from the proceeds of the fair, which will be pleasant and agreeable news for most of your readers.

Father Lynch is thankful, and says he will have the people of Gainesville in grateful remembrance, especially at the altar. COMMITTEE.

A Birthday Party.

Little Miss Jessie Chesnut, who has always enjoyed among her friends the reputation being the most hospitable little lady in her neighborhood, entertained a number of her friends Friday afternoon, the occasion being her ninth birthday.

The afternoon was spent in a most enjoyable manner by the little friends present by games, etc., after which they were treated to ice cream, cake and confectionery.

Little Miss Jessie, who is the daughter of Mr. and Mrs. John Chesnut, has the nature of her parents, for nothing she possesses is too good for her friends. The result was that everything went off smoothly and in a most enjoyable manner at this function.

Attention is called to the advertisement of the Gainesville Auction and Commission House, which appears in this issue. G. G. Coleman, formerly of Richmond, Va., is the manager of this establishment, which will probably prove one of the leading firms of the kind in the country. Mr. Coleman, in looking for a place in which to locate, selected Gainesville as the best interior city in Florida, which was evidence of his good judgment. While there are many good towns in Florida, the leading State in the Union, there are none better than Gainesville, as the rapidly growing condition of the city proves. Mr. Coleman will be welcomed here as a citizen and a business man, and it is hoped his prosperity will make him satisfied.
